

# Raymond Diaz

My major: Accounting

Career after graduation:  
Accountant

Where I'm from:  
Winnemucca, Nevada

## Technical Background:

In terms of my knowledge of technology, I would say I am proficient. I've used computers for over a decade. At my workplace, I got acquainted with the functions, especially when we received a new system earlier this summer. I grasped the location for new functions fairly quickly. In terms of applications, like Excel and Word, I would say I have a great understanding of how to utilize them. I have even learned to use Microsoft Access as well through some classes.

## Why I chose UNR:

UNR was always my first choice for secondary education. Since I was a kid, I've always talked about moving to Reno, attending school here, and living with my sister, as she has a house here. It's the closest university to my hometown, and many of my friends from high school came here as well. The campus is beautiful and how I want my college life to be.

## A Dream in my life:

For the longest time, I wanted to be a musician or dancer. I was inspired by my favorite group, Twice. I found that I enjoyed dancing and would pick up dance routines quickly. I did cheer in high school, and I enjoyed learning the routines we did during practices. I enjoyed the tempo of the songs as well. I translated that skill into learning choreography and freestyling. I enjoy learning new and difficult choreography. I even auditioned for HYBE Entertainment when they held an audition for a global boy group, much like their process for Katseye, their global girl group. Another part of me wanted to write songs. I enjoy writing, and I pour emotion into my words, so I figured I could write songs if I ever made it.

## More about me:

Favorite Music Artists:

Favorite Music genres:  
Indie, Pop, and Hip-Hop

Favorite Hobbies:  
Running, Gaming, and Traveling

Favorite Shows:
